

ACT 1

Scene 6

SETTING: Johnny's car part out on the street.

AT RISE: Johnny arrives back at his car
He gets into the car, starts it
up and pulls gently away from the
sidewalk. Almost immediately he sees
Pam walking along the road and stops to
pick her up.

JOHNNY

Hey Pam, wanna lift somewhere?

PAMELA

Wow Johnny nice to meet you. You going some place?

(Pam gets into the car)

JOHNNY

Naw. Just out for my usual evening cruise. You know, just
to let some steam off. So where you going Pam?

PAMELA

Well actually, nowhere really. Just going round the block
for short walk. Sort of. Nice meeting up with you. I was
just thinking, it's about time we both got together again
for a date or something.

JOHNNY

Gee Pam yeah it's been a while hasn't it. I donno. I seem
to be so busy these days what with all the attention my car
needs.

PAMELA

Yeah but Johnny we used to meetup a lot and I did kind of
get, er, kinda fond of you. Come on guy, I really think
it's time we got together again. How about I treat you to a
McDonalds soon?

JOHNNY

Yeah maybe not a bad idea. I will definitely keep an eye open for you. Especially when I'm cruising around town. Mind you, these days I seem to prefer scooting up and down the highway just for fun. But if I see you again I'll be sure to stop and pick you up.

(Johnny sings X.Don't Date Me'.)

I HIT THE ROAD AND I'M DRIVING HARD
IN MY 57 CHEVY I'M NOT GOING FAR.
I PULL OVER HEY BABY ARE YOU GOING MY WAY.
